Re: UPS and UPSF Strike Authorization Balloting Information

This is to advise that the company we have engaged to conduct the voting on the UPS and UPSF strike authorizations will begin to mail balloting information to members on or about May 15. Once members receive the access code and voting instructions, voting can begin immediately, by phone or internet.

In anticipation of the start of voting, it is requested that you schedule meetings with your members this weekend to answer any questions they may have about the process or the state of negotiations. I appreciate that many of you will be attending the Unity Conference and, as a result, this may be the only opportunity you have to address members' questions before they can cast their votes.

Thank you for your anticipated cooperation.
